

Fail-He Times

OL. 21 NO. 1

FRIDAY, OCTOBER 10, 1958

A TRIBUTE

On Wednesday, October 1, we were saddened by the death of Dr. W. F. Oliver. Dr. Oliver had been a prominent figure on our campus for nineteen years. He came to Macdonald as a lecturer in 1939 and since that time has been both a teacher and a research worker in the Department of Physics here at the college. As an expression of their regard for Dr. Oliver a period of two minutes silence was observed at eleven o'clock on Wednesday morning by the entire student body. The funeral, which was at St. Giles Presbyterian Church in Baie d'Urfée was attended by members of the Students' Council, Staff members, and many other students from the college. Dr. Oliver will long be remembered by his students for his willingness to help them not only as a teacher but also as a friend.

EDITORIAL

As the Failt Ye Times opens another season of publication, we wish to extend a hearty welcome to all members of the student body, both to the old gang and to the newcomers. In welcoming you new students, we would like to remind you that irregardless of who you are or where you're from, you are now members of one big family, the "Clan Macdonald". We hope you will feel free to acquaint yourselves with the college and the students, to voice your opinions freely, and to support whole-heartedly all student activities. By so doing you will insure that your stay here will be both pleasant and profitable, not only to yourselves as individuals, but to the entire student body.

As students at Macdonald we are indeed fortunate in that we have here a most efficient form of self-government. Self-government not only gives us the opportunity

of directing our own affairs, but through active participation we may gain extremely valuable experience in team-work and leadership. This training shall prove to be invaluable to us as we proceed through life. We, therefore, urge you to support, with your time and efforts, the endeavours of the Students' Council, so that they may be better able to serve you.

The Failt Ye Times, as your college paper, serves the important purpose of being the official "voice of Macdonald College". It is our sincere hope that Failt Ye will fulfill that purpose. This can come to reality only if the paper contains your thoughts and ideas. Our staff is prepared to give you the paper you want, however, we can only do this if you supply us with the necessary materials. Any contributions---literary, humorous, or otherwise---will be most gladly welcomed by the staff of your paper.

In closing, may I repeat that our sole wish is to supply you with the type of paper you will enjoy. Any ideas or suggestions which may lead to this end will be greatly appreciated by the Failt Ye staff.

G.D.R.

MEET THE PRESS

On the two succeeding pages you will have an opportunity to see who your Failt-Ye Times staff is. These people have graciously donated their time and effort to the cause of providing a means for you students to express your opinions. We all realize what an asset a college paper is; to some of you, it means entertainment, to others a source of information. Whatever the Failt-Ye Times means to you will take on a fuller meaning if you play your part in contributing to the publishing of the paper. We need contributions literary, humorous, or otherwise. We need proof readers, typists, and you, as a student body, have capable persons for all these positions in your midst, so, as you glance through the first issue of the Failt-Ye Times, let's all resolve to play our part in supporting this group of people in the effort they are making.

K.L. Roache.

Cheerless leader

Not a "rah rah" left in him! He's just discovered there's no more Coke. And a cheer leader without Coke is as sad as a soap opera. To put the sparkle back in his eye—somebody!—bring him a sparkling cold Coca-Cola!

SIGN OF GOOD TASTE

SAY 'COKE' OR 'COCA-COLA'—BOTH TRADE-MARKS MEAN THE PRODUCT OF COCA-COLA LTD.—THE WORLD'S BEST-LOVED SPARKLING DRINK.

CAMPUS NEWS

LIT AND DEB NEWS

WEDNESDAY NIGHT ENTERTAINMENT

Commencing with "Skit Nite" on October 8th and continuing through until the "Christmas Party" the Literary and Debating Society presents a variety of entertainment every Wednesday night in the Assembly Hall.

All of these activities, with few exceptions, are on a competitive basis at the Interclass level. The "pot of gold" that each class strives for, and there is no question that the struggle is worth the reward, is the Judy Bruger Trophy. This trophy is awarded to the class that accumulates the largest number of points in the activities sponsored by Lit. and Deb.

Here is your golden opportunity to make your contribution to college life, and to do something for your class. We cannot all make the Football team, but fortunately nature has endowed us with many talents, and we should not waste them.

Lit. and Deb. activities are so varied that there is a place for each and everyone of you. So let us all get out there, join the interclass rivalry, and start the ball rolling with a bang! You have everything to gain, nothing to lose.

The following is the proposed agenda for the first term:

Oct. 8th - Skit Nite	Nov. 12th - Junior Play
Oct. 15th - Amateur Nite	Nov. 19th - Soph Play
Oct. 22nd - Teachers II Play	Nov. 26th - Junior Play
Oct. 29th - Teachers I Play	Dec. 3rd - Dips and Handicrafts
Oct. 26 - Nov. 1st - Sadie Hawkins Week	
Oct. 31st - Kirks Court	Dec. 10th - McGill Choral Society
Nov. 1st - Sadie Hawkins Dance	Dec. 14th - Christmas Party
Nov. 5th - Senior Play	

INITIATION

This year for the first time, Frosh Teachers as well as Frosh Home Ec. and Frosh Agriculture students were initiated together. The purpose of initiation was to help the Frosh become acquainted with each other, and also with upper classmen. We think this was carried out well by the use of placards. The various steps of initiation were designed to bring them together as a class, and to promote class spirit.

We hope we have achieved our purposes in initiation and that you will have a wonderful year (or years) at Macdonald.

The Conquerors

The Conquered

HOME ECONOMICS CLUB

The Home Economics Club is an organization composed of all third and fourth year Home Economics students, and interested first and second year girls. The aims of the club are (1) To promote a better understanding of the meaning of Home Economics in our course and in the various fields and (2) To endeavour to promote a high academic standard among the members. The meetings are highlighted by very interesting speakers and discussion periods about the numerous fields of Home Economics.

The first meeting of this term will be held in the Stewart Room on Thursday, October 16. Mr. Frank Adams, Montreal Hair Stylist will be the speaker. Further details will be posted in the Foyer at a later date.

GOLD KEY SOCIETY

A meeting of the Gold Key Society conducted by the President, Mark Waldon, was held Wednesday, October 1. Among the topics on the agenda was the very debatable question as to whether the Gold Key Honour Society members should sell tickets at sports events and serve refreshments. A motion was carried stating to the effect Gold Key members should not be expected to collect tickets at sports events nor to serve refreshments at the games. Also discussed was a change in representative phase of the constitution, as the S.T.S. is requesting more representation in campus societies. A committee was set up to establish a more organized system of greeting Foreign students expected to attend Macdonald. A data form drawn up for the use of organizations requiring Gold Key services was approved by a motion carried.

NEW FACES AT MACDONALD

We would like to welcome all those who are new at "Mac" this year. There are 110 new students in the first year Agriculture and Home Economics. Five new students have arrived in the second year Agriculture. To the third year Agriculture, 36 students have been added; 22 of these are from the Nova Scotia Agricultural College, and 6 are from Holland. The number of students is every increasing and this year there are 426 new students in the Institute of Education.

Now that you are here, we hope that you will join in the traditions and spirit of Macdonald, remembering that you only get out of college what you put into it.

NEWMAN CLUB

A warm welcome is extended to all new members of the Newman Club. Activities have not begun as yet but a meeting is expected to be held in the near future to discuss plans and to meet our Chaplain - Rev. Father MacDonald.

GOLD KEY SOCIETY

A meeting of the Gold Key Society was held on the evening of October 10, 1934, at the home of the President, Miss [Name], in the [Building]. The purpose of the meeting was to discuss the question as to whether the Gold Key Society should be organized as a separate organization or as a branch of the [Organization]. A motion was carried to the effect that the Gold Key Society should be organized as a separate organization. A committee was appointed to prepare a constitution and by-laws for the society. The committee is expected to report to the next meeting. A motion was carried to the effect that the Gold Key Society should be organized as a separate organization. Features

DR. WILLIAM FRASER OLIVER

Many times it has been said that at Macdonald we live in a little world of our own, whose boundaries end at the campus gates. We are relatively little affected by events of large importance outside, and therefore feel the more strongly the impact of events within. Recently many of us saw how distressingly true this is when we lost a kindhearted and unselfish member of that small world in Dr. William Fraser Oliver.

Death seems very remote to most of us, and it takes some time to grasp fully the significance of it when it comes close. It is hard to realize that we have seen that sturdy frame and that good-natured smile for the last time.

The quality of a man's character is reflected in what is said of him by his close associates. Fraser Oliver's colleagues on the staff have always spoken of him in the highest and fondest terms. He was a quiet, modest man, and a brilliant physicist who not only mastered a great deal of knowledge in his field, but contributed to it, as he did most certainly to ours.

We, his students, cannot begin to express adequately our feelings of shock and regret at his loss. It is very difficult now to enter those labs and lecture rooms in the Chemistry Building without experiencing a disheartening and wistful twinge of regret. For so long he was there when we needed a hand, when we didn't understand an experiment or couldn't solve a physics problem. No one, on approaching his office, ever had to wonder what sort of a mood he'd be in, because he was always the same - helpful and patient, and above all, kind. His death has brought home to us in a striking manner the measure of our indebtedness to him, and to those like him, who give so much to their seemingly unappreciative students. We hope he knew something of our feelings; we hope he knew we could be and were grateful, and we hope his colleagues who carry on the work, and who "play the game" so generously with us, know too.

All of us, members of the Clan Macdonald, extend our deepest sympathy to Dr. Oliver's family.

Although the athletic season has been well under way, with two football games, and two soccer games having been played, as well as the start of the interclass football season; the Macdonald M.A.A. extends its welcome to the new students of Mac, hoping, that they, will participate in all possible sports.

The reputation held by Macdonald College for good sports, both at the intercollegiate, and interclass levels has prevailed for many years. This year shows nothing but added praise as the fine staff of the M.A.A. has an exciting athletic year planned.

Throughout the years, the Macdonald teams have received the greatest support from their fans who on many occasions have cheered them on to victory. Already the fans have shown their enthusiasm by such a large turnout at the Pep Rally.

THE PEP RALLY

Clan Macdonald was a lively group last Friday night when all marched, ran, or hung precariously from cars, as the parade made its way towards the football field behind the piping of Wendel MacLean.

At the football field, the McGill Indian dummy was burned, as bursts of Failt-Ye, Failt-Ye, Failt-Ye Clan Macdonald filled the air.

After many cheers had been given, the Macdonald College Soccer Team was introduced to the cheering crowd. When this was completed, the Macdonald Aggies Football Team was introduced. The team gave the fans a preview of the next day, and their willingness to give their all, by running through a play, and by giving a big yell.

We would like to congratulate Ross Sager, the Men's Sports Publicity manager, Pat Atkinson, head of the Pep Rally committee, and her assistants who made the Rally such a success.

FOOTBALL

MAC vs HAWKS

On Sept. 27th the Mac Aggies made their debut in an exhibition game against the Hawksbury Hawks. Although the team had been practising for only ten days, they held the Hawks to a close margin, as the game ended in a 10-7 decision for Hawksbury.

MAC vs MCGILL

Last Saturday the McGill Indians invaded the Macdonald campus bringing with them a strong team, one, which the Mac Aggies found too strong; as the Aggies were down to their second defeat by a score of 21-0.

In the first quarter the game was see-saw with the defence of the Aggies showing signs of brilliance, recovering fumbles and holding the Indians scoreless.

Once again the Aggies defence shone by recovering another McGill fumble before a minute had passed in the second quarter. Equally strong was the McGill defence who smothered the Aggies attack throughout the game.

The first scoring came when McGill's Edwards kicked a single. With only three minutes left, Mac fumbled with McGill recovering; the pressure seemed to be on the Aggies, but an interception gave them possession; but when the offence did move the ball out of danger, the Indians on a drive from the Mac thirty, scored the major. The convert attempt was blocked.

Mac suffered many injuries during the second half which weakened both their offence and defence. From here on Mac was snowed under by the running of Wallace who scored number two for the Indians. Again the convert was blocked. McGill went to score another T.D., and the convert, and ended the game with a single, downing the Aggies 21-0.

The outstanding players for the Aggies were, Messenger, Farr, Cotnam, and Marsh. Jake Robson stood out as the leading offensive player. For McGill, Wallace and Edwards were standouts, both scoring for the Indians.

Both of these losses by Mac have been in exhibition games, and do not necessarily reflect the potential of the team. These games are what prepare the team for the regular season, giving experience to the team. They also give a chance for the coach to see his team under fire.

We wish the team the greatest success as they open the regular season on October 11th at R.M.C.

INTERCLASS

The interclass football season opened with a hard-fought game which saw the Seniors down the Freshmen 12-0.

Future games are scheduled for Friday the 10th, when the Frosh meet the Seniors, Tuesday the 14th, when the Sophs meet the Juniors, and Wed. the 15th, when the Juniors play the Seniors.

The competition in interclass football this year is very keen. Each team has been practising steadily for some time. We are happy to see such interest in this game, as it adds much to the class spirit of each year. We hope to see as keen an interest taken by the non-participating members of each class. Each week the Mt-Ye will publish the coming games, in the hope that each class will send out as many supporters as possible.

MACDONALD

The Macdonald Soccer team has been a standout for many years, holding the Lawa St. Lawrence Soccer championship for the last two years.

Last year the team won the championship by defeating Sir George Williams College.

This year promises to be a successful one if the team can find a new goaler to replace J. Van Pelt, who broke his arm during the first game of the season against Sir George.

The team has a schedule of two exhibition games with McGill and eight league games.

The large turnout this year has given the coach Leslie Clarke, an opportunity to select a well-rounded team. Holdovers from last year are Captain L. Walker, Captain I. Laurie, M. Barnard, M. Brown, D. Holness, N. Arthurs and M. Roway. Among the many newcomers are D. Jolly, H. Saben, H. Richardson and Courtney.

MAC vs SIR GEORGE

At the rough Fletchers Field the Mac soccer team suffered defeat in a close, hard-fought match against Sir George.

The Mac team drew first blood when a shot taken by Saben deflected off a defender, and bounded past the goaler. This 1-0 lead was held by Mac until the end of the first half. The Sir George player broke away with only the goaler to beat, but the ever alert M. Barnard took pursuit, and caught his opponent just in front of the goal. J. Van Pelt, and the three players hit heavily. In the midst of the excitement the goal scored, the teams did not notice Van Pelt down, but he was soon taken out of the field.

This was the turning point in the game; not only did it give Sir George the lead, but also left our team without an experienced goaler.

Although the new goaler did his best, the sharp shooting of Sir George made them the winner, making the final score 2-1.

This was one of the roughest matches Mac has encountered, with several players badly bruised, and another player, M. Brown, with a broken arm, leaving the team in poor shape. Even though so many are injured it is hoped that with a large reserve, the coach can mold a winning team.

3C:	Elsie McVicar
3D:	Rhoda Schacter
1FP:	Pat Atkinson
F.B & FD:	Judy Robinson
2S:	Betty McRea
1G:	Shirley Burnett
Handicrafts:	Penny Patton
BSc 1:	Mary Hooker
BSc 2:	Marion Waddell
BSc 3:	Deborah Matthews
BSc 4:	Ann Vine

Physical Education Instructors:

Miss Nichol
Miss Walker

To start off a new sports year eight new cheerleaders have been chosen. There was a good turn-out for the practices and the Committee had a very hard decision to make. Macdonald's 1958-59 Cheerleaders are:

Flora Bowden	M.G. Morton
Sandy Hilton	Audrey Pope
Pam Kell	Elenor Spence
Sheila Mittleman	Barbara Williams

We have had a chance to witness the wise choices made by the Committee at the Pep Rally last Friday night, and also at the football game on Saturday afternoon. We are proud to have these girls as our cheerleaders, but they can do their best only if we support them by turning out at Pep Rallies, Football, Soccer and Basketball Games.

Ruth Crites, Manager.

ANYONE FOR TENNIS?

This year as in past years, the tennis is grouped into two divisions; the intramural competition, and the ten players from intramural forming an inter-collegiate team. A large number of tennis enthusiasts turned out this year, especially in Section one.

Intramural Competition

The intramural tournaments got under way Sept. 19 with all first year students and one year students able to compete in Section 1. Going into the first week in October it looks like the first year Physical Education students have the majority in the semi-finals.

Section two consisting of Sophomores, Juniors and Seniors started last week with approximately twelve entries in both singles and doubles. As like the Freshman class the second year Phys. Eds seem to be holding their own in their division.

The weather conditions have been ideal for tennis, and both sections are now in the semi-finals. It is hoped to have the winner of each section play off for the championships in singles and doubles on October 15th or thereabouts.

Intercollegiate

Intercollegiate practice under the competent coaching of Miss Walker got underway this past week with six hopeful players showing up. These were M.G.M. Louise Hourston, Mary Lawson, Barbara Harvey, Jean Fraser and Chris Whelan. It is hoped that more faces will be seen at next practice.

Tentative games both at home and away are scheduled for after the Thanksgiving holiday. By that time the girls who are now being put through rigorous workouts will be in top playing form. Also for those girls interested in playing the game there will be a beginners Tennis class every Thursday afternoon from 4:30-5:30.

Chris Whelan, Tennis Mgr.

SOCCER

Turnouts for soccer have been very good so far, and from the looks of things Mac will be well represented.

The team will be playing a series of five games with McGill, home and away at Macdonald High, Hudson Heights and possibly Johnston's Teachers' College.

On Wednesday afternoon, Oct. 1, Mac played Hudson Heights which ended in a tie, 4-4. Anne Hewitt and Pat Atkinson being the point makers for Mac.

Ella Mae Bradley, Manager.
